

Editorial Introduction

Praise be to God, Lord of the Worlds, and may blessings and peace be upon the most honorable of the prophets and messengers:

In its third issue of the tenth volume, Abhath Journal presents to researchers and those interested a number of researches in the field of humanistic sciences, by Yemeni and Arab researchers, from various Yemeni and Arab universities.

This release coincides with the adoption and indexing of the journal in the **EBSCO** global databases, which is an important step that contributes to making the researches published in the journal more widely available, which increases the impact factor of the journal and the researchers who published their researches in the journal.

It is an opportunity through which we extend our thanks and appreciation to these researchers for their distinguished scientific contributions.

We also extend our sincere thanks to the journal's editorial board, advisory board, and arbitrators for their great efforts for the development and continuity of the journal.

In conclusion, we appreciate the support and encouragement of the university's leadership, represented by its President, General Supervisor of the journal, Prof. Muhammad Al-Ahdal - President of the University, and Deputy General Supervisor, Prof. Muhammad Bulghaith - Vice President of the University for Postgraduate Studies and Scientific Research. Their unlimited encouragement and support had a great impact on the development of the journal and its distinction.

Head of the Editorial Board

Prof. Yousef Al-Ojaily

Contents of the Issue
