

## **Issue Editorial Introduction**

Praise be to the Lord of the two worlds, and prayer and peace be upon the noblest of the prophets and messengers, our master Mohammed and upon his family and companions. Hereafter:

Here it is, Abhath Journal, that comes into our sight in its twenty-second issue in the seventh year with a new look. Adorned with genuine scientific research, this issue included eleven researches, including eight researches in legislative sciences, a research in the fundamentals of education, a research in management, and a research in literature, by researchers from inside and outside Yemen.

Abhath Journal has followed the abstemious scientific approach in the process of evaluating the scientific researches and judging their acceptance. It has recently endorsed rules and publishing mechanism that adhere to the international classification standards for peer-reviewed scientific journals, in an effort to gain accreditation in the SCOPUS databases, in addition to the WEB OF SCIENCE databases. Moreover, the journal has recently obtained – in coordination with Dar Al-Manzhouma – a DOI (Digital Object Identifier) for each research published in the journal, and this step falls within the steps of developing and perfecting the journal.

In conclusion, we would like to thank Prof. Mohamed Al-Ahdal – President of the University – for his unlimited support for the journal, and to all those in charge of it for their efforts in developing the journal and maintaining the regularity of its issuance.

We hope that researchers and those interested will benefit from the contents of this issue, asking God Almighty to guide everyone to what He loves and is pleased with.

**Prof. Yousef Al-Ojaily**
